DETAILED ACTION

Response to Amendment

1. Applicant's explanation of the instant invention in pointing the difference with the cited prior art was found to be persuasive.

EXAMINER'S AMENDMENT

2. The Applicant's representative was contacted for amending claim 7 for overcoming prior art.
3. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Aaron C. Deditch on July 20, 2005.

The application has been amended as follows:

In claim 7, line 9, following the phrase "smaller than", delete "any of the width of said cladding layers" and insert - - each of the width of said cladding layer - - .

Cancel claim 11.

Allowable Subject Matter

4. Claims 7 – 10 are allowed.
5. The following is an examiner's statement of reasons for allowance:
Claims 7 – 10 recite, inter alia, a semiconductor optical device comprising a semiconductor substrate, a stacked body formed at least by a cladding layer having a

first conductivity, an active region formed by an active layer or a photoabsorption layer and a cladding layer having a second conductivity, said stacked body being provided on said semiconductor substrate and formed like a mesa stripe, wherein both sides of said stacked body are buried by a burying layer formed at least by a semi-insulating semiconductor crystal, the width of said active region is smaller than each of the width of said cladding layer having said first conductivity and the width of said cladding layer having said second conductivity and a Ru – doped semi-insulating layer is provided in a space between said burying layer and said active region in both sides of said active region.. The art of record does not disclose or anticipate the above limitation in combination with other claim elements nor would it be obvious to modify the art of record so as to form a device including the above limitation.

Conclusion

6. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

7. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Asok K. Sarkar whose telephone number is 571 272 1970. The examiner can normally be reached on Monday - Friday (8 AM- 5 PM).
